

Saint Michael School, a thriving Catholic school in North Andover, is seeking a part-time Instructional Technology Teacher for the 2021-2022 school year.

Ideal Candidates must hold a Bachelor's Degree, a Massachusetts teaching license and must have at least two years of teaching experience. Benefit eligible.

Successful teachers will have the following characteristics:

- Love of teaching, a collaborative spirit, and an understanding of Catholic education
- A passion for teaching students ranging in age from 4-14
- Knowledge of effective and innovative instructional and student evaluation techniques
- Provides education and guidance for students regarding digital citizenship and the district's responsible use policies
- Ideal candidate would be responsible for teaching technology in grades PK-8 through various apps., Adobe products, and programs on our student iPads and Chromebooks as well as the Google Suite
- Knowledge of instructional technology and the ability to integrate it into the curriculum
- Ability to develop, select and modify instructional plans and materials to meet the needs of all students
- Problem solving skills
- Strong classroom management
- Belief that all students can achieve excellence
- Outstanding verbal and written communication skills
- Skill in interpersonal relations with pupils, parents, teachers, and staff
- To be open to use innovative approaches to teaching and receive feedback from colleagues and school administration
- Ideal candidate will contribute to our dynamic team of experienced educators and enjoys working with well-behaved and respectful students

Interested candidates should send a cover letter, resume, copy of teaching certification, and three letters of reference to:
