

STEM/STEAM TEACHER

St. Patrick School, a Pre-Kindergarten through Grade 8 co-educational Catholic school located in Stoneham, Massachusetts, seeks an enthusiastic, well-qualified candidate for the position of part time STEAM Instructor beginning for the 2022-23 school year. To help enrich our students' academia by helping our students to “RISE UP”, St. Patrick School provides students with a joyful and rigorous academic environment. The STEAM instructor position will work to develop age appropriate STEAM activities throughout Grades K-8. Knowledge of design thinking, makerspace technology, robotics, and computer aided design is essential.

The ideal candidate will:

- Share a deep passion for STEAM
- Have a love of working with students in grades K-8
- Have enthusiasm, flexibility, and a desire to collaborate with colleagues across disciplines
- Have a desire to develop curriculum that focuses on hands-on learning and real-world applications of STEAM
- Provide activities and opportunities that encourage curiosity, exploration, innovation, problem-solving, and the use of technology
- Create a supportive and caring classroom environment in which students are valued, and can learn and interact positively with one another through student-centered instruction, collaboration and authentic assessment

Requirements:

- Preferred experience teaching STEM/STEAM
- Bachelor's degree and license to teach in MA
